

CANADA

I stayed in Hinton, Canada for a week. The city was very beautiful.
When I was 14 years old, I stayed in Lethbridge for a week.
So, I stayed in the different town as four year ago.

On the first day, I went to the West Edmonton Mall with a host sister. I was surprised because there was a indoor amusement park, indoor pool and ice rink.

I had a great time!!

On Sunday, we went to Jasper. It was so beautiful! Also, there were some Japanese tourists.

On Monday, I went to a school with my host sister. I studied math, chemistry, physics and Japanese. I could understand only Japanese. I enjoyed with the class.

Talking in English was very difficult. But, my host family was so kindness. They tried to understand my imperfect English. My host mother said, “You are my family! Don’ t be afraid. Please tell me anything!” I was so glad. My trip was too short. The next time, I want to stay there for long days, and I want to study English more!

I love Canada
